

Aquasorb Super

Water Absorbing Entrance Mat

Features

Heavy Duty functional indoor entrance mat, optimum moisture and dirt retention mat for halls and foyers. Superior floor protection for busy entrances.

- Heavy duty carpet mat constructed to withstand the heaviest foot traffic and maintain good looks.
- Premium dust retention and water absorption, can hold up to 6 litres per sq m.
- Attractive fabric border prevents water tracking onto surrounding floors.
- Extremely tough solid borders.
- Great for schools, and heavy footfall entrances.
